The Professionals Choice

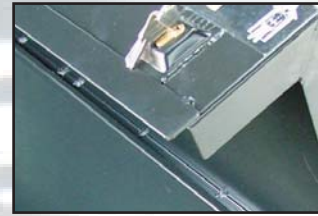

Don't wait until it's too late

SENTRIBOXES

The Senti range of Black Site and Vanboxes has built up a considerable reputation over the last 10 years from a standing start to being a leading, respected and recognised name throughout the industry at home and abroad. Our brand new range of Sentriboxes are now available for immediate delivery nationwide and have even more security features than ever before. These include anti-jimmy bars, hydraulic arms and a pair of double throw deadlocks operated by Eurocylinders on every box in our range. These locks are made to our own specification and are even better than the ones we have been using successfully over the last 10 years
